

SUMMER SESSIONS OPEN AT DEPAUW

TEACHERS PARTICIPATE IN FIVE-WEEK COURSE

This is a puzzlement but not for long as these National Science Foundation students tackle a trigonometry problem at DePauw University. Part of a group of 70 junior high school and elementary teachers who are taking a five-week refresher course in mathematics and general science, this quartet, in front, is computing by triangulation the height of the campus radio tower. In addition to the two unidentified students in the rear who had finished their computations, are (left to right) Robert Pruitt, Shipshewanna, Ind.; Sister Sabina, Dixon, Ill.; Delvera Willis, Gary, Ind.; and James Williams, Casper, Wyoming. The summer session is under the direction of Dr. Jack Cook of DePauw University.

Convicts Make Erratic Attempt To Escape

PITTSBURGH UPI — Three convicts armed with zip-guns and homemade bombs took two guards hostage Sunday night and made an "extremely stupid" attempt to shoot their way out of Western State Penitentiary.

The attempt failed. It ended 90 minutes after it started when state policemen threw down a barrage of tear-gas and the convicts came out with their hands up.

The guards were released unharmed. One of the prisoners sustained a severe hand cut when a homemade bomb exploded as he prepared to throw it toward advancing troopers.

More than 1,000 other convicts remained in their cells and made no attempt to join the escape attempt.

The three convicts, holed up in a ward of the prison hospital, talked with Warden James Maroney during a truce in the firing and tried to make a deal — their freedom in exchange for the hostages' safety.

"I told them there would be no deal. I told them they were doing an extremely stupid thing. They had no chance of escape at all," Maroney said.

After Maroney left the hospital ward, state policemen moved in. They fired sporadically to keep the convicts pinned down — two of them in a ward bathroom and the third behind a bed.

When the troopers advanced down a hallway, the convicts lobbed two homemade bombs at them. The convicts refused several warnings to surrender, but released the bound hostages. Sgt. John F. Walz, 57, and officer Joseph Ferrara.

Latest Recruits For Moon Men

SPACE CENTER, Houston UPI — Six scientists will step officially into the glare of publicity Tuesday. They are the nation's latest recruits for moon men.

The half dozen scientists will join a troop of 28 astronauts already training for America's assault on the moon.

Although officially unnamed, they are:

—Dr. Edward G. Gibson, 29, of San Clemente, Calif.

—Dr. Owen K. Garriott, 34, of Palo Alto, Calif.

—Dr. F. Curtis Michel, 31, Houston.

—Dr. Duane E. Graveline, 34, Houston.

—Dr. Joseph P. Kerwin, 33, Jacksonville, Fla.

—Dr. Harrison H. Schmitt, 29, Flagstaff, Ariz.

The new space trainees, selected after almost a year of searching by the federal space agency, are the nation's fourth group of astronauts. They are the most educated.

CEF Continues Drive Today

INDIANAPOLIS UPI — Citizens for Educational Freedom (CEF) will continue its drive in Indiana and other states for public financial aid for parochial and other private schools.

Jeremiah Buckley, Washington, executive director of the organization, told its Indiana convention Saturday that progress was made in some states during this year's legislative session. He cited bills passed by legislatures in Pennsylvania, Minnesota, New York and Michigan to provide some form of state aid to such schools.

He said new attempts will be made in states in which CEF-backed legislation failed this year. Indiana falls in that category.

—Dr. Edward G. Gibson, 29, of San Clemente, Calif.

—Dr. Owen K. Garriott, 34, of Palo Alto, Calif.

Former Attacks Star Is Killed

INDIANAPOLIS UPI — A former high school football star was shot to death Sunday night while walking with a friend in Riverside Park on the city's north-side.

Authorities searched the park for clues in an effort to track down the killer of David Bridgeforth, 21, who played football for Indianapolis Attucks, the city's only all-Negro school.

Authorities said Bridgeforth, now a student at Adams State in Colorado, was walking with Miss Yvonne Hill, 21, when he was shot by an unknown assailant.

Miss Hill told police a youth she described as "thin" approached them from behind saying, "Hey, wait a minute, buddy." Then two shots rang out and Bridgeforth stumbled to the ground.

Miss Hill said she ran and fell, the gunman in pursuit and firing at her, but she escaped unharmed.

Authorities said Bridgeforth was shot in the chest and leg.

Miss Hill said she ran and fell, the gunman in pursuit and firing at her, but she escaped unharmed.

Officers Arrest Two

Henry Becher, 22, Indianapolis, was arrested by State Police Sunday morning on a charge of driving while under the influence of alcohol. Becher appeared before Justice of the Peace Andrews early Sunday morning.

Also arrested on a charge of drunken driving and public intoxication was John R. Eiteljorge, 40, Greencastle.

Reds "Step Up" Offensive Attacks

SAIGON UPI — Communist guerrillas broadened their monsoon offensive today by attacking another district capital. American planes struck back and silenced the assault with a deadly shower of bombs, machinegun fire and cannon shells.

Two American military advisers were wounded when the Communists poured a barrage of mortar fire into the district capital of Nghia Hanh near Da Nang.

Communist casualties in the aerial counter-attack were heavy. Pilots reported many enemy bodies but said there was too much shooting to make an accurate count of the Viet Cong dead.

Guerrilla gunners shot down a transport plane on a mysterious mission near Saigon Sunday night, and a U.S. military spokesman reported that two American Air Force men were killed. Witnesses reported that at least 16 bodies were found in the wreckage, but the spokesman declined to confirm any more than the two American dead.

Vietnamese troops airlifted into action by U.S. helicopter crews killed six high-ranking Viet Cong officials in a highly successful search and destroy operation 40 miles southwest of Saigon. The victims included the Communist chief of Dinh Thuong Province.

All told, 39 guerrillas were killed and 29 captured.

A total of 64 American planes flew a series of bombing missions against North Viet Nam Sunday, hitting bridges, highways and ferry barges south of Hanoi, the Communist capital.

Other U.S. planes blasted Viet Cong targets in South Viet Nam, including the district capital of Tuo Marong about 300 miles north of Saigon.

More than 1,000 guerrillas captured Tuo Marong Friday night with a human wave assault signaled by a bugler—a tactic used by the Communists in the Korean War.

Tuo Marong remained in Communist hands today, a spokesman said. Bad weather hampered ground operations in the area.

Program Features Five-Week Course

Leaders Plan Large Scale Demonstration

By United Press International

Civil rights leaders in Chicago planned today to stage their biggest demonstration to date in efforts to oust school Supt. Benjamin Willis whom they charge with being a foe of integration.

Sources hoped that they could mass as many as 15,000 to march on city hall for an audience with Mayor Richard J. Daley.

More demonstrations also were planned today in Jackson, Miss., but on a limited scale. Demonstrations in Jackson are protesting a special session of the legislature which is meeting to work out election reforms that presumably would make it easier for Negroes to vote.

The Jackson protest claims that the legislature is illegally constituted because Negroes have been barred from voting in the past. More than 900 have been arrested in Jackson in the legislative demonstrations.

There had been no arrests in Chicago in the month-long demonstrations there since June 18 when 85 staged a sit-in at State and Madison Streets, a Loop intersection that is described as the "world's busiest."

But earlier arrests brought the total to 533 the number of persons taken into custody because of the demonstrations.

Sunday night, a pro-Willis group staged a torchlight motorcade through the city. Shots were exchanged with anti-Willis demonstrators but no incidents were reported.

Taxi Drivers Go On Strike

NEW YORK UPI — Thousands of New York City taxi drivers went on strike today in an effort to obtain union recognition from fleet owners.

Police, fearing possible violence as a result of the walk-out, were alerted to give thorough surveillance to those cabs operating "to preserve the peace, protect life and property and prevent unlawful interference with persons or property." About 5,500 of the city's 12,000 drivers voted to strike at a midnight mass meeting. The vote was by acclamation.

Girls' State's Outstanding Girl

BLOOMINGTON, Ind. UPI — Jane Fricke, 17, South Whitley, Sunday was named the outstanding girl at the annual Hoosier Girls' State at Indiana University.

Miss Fricke received the award as Honors Day wound up the week-long program. Sen. Birch Bayh, D-Ind., was the featured speaker.

Finalists with Miss Fricke in the honor were Emily Backus, Lafayette; Sue Ann Starnes, Crawfordsville, and Marguerite Waller, Indianapolis.

Strike Feared By Space Agency

CAPE KENNEDY, Fla. UPI — National space agency officials hoped today that striking copy machine operators would not keep the 5,700-man construction force off major space-building jobs for a third day.

About 60 members of the International Alliance of Theatrical and Stage Employees Union Iates employed by McGregor-Werner Inc., threw up wildcat picket lines last Thursday and Friday, keeping about half the construction force off their jobs.

The strike, which is not sanctioned by the IATSE's international headquarters, involved only the 60 union members employed by McGregor-Werner.

The pickets continued over the weekend, despite warnings that McGregor-Werner would hire replacements for the strikers, who are seeking pay increases ranging from 79 cents to \$1.29 hourly.

Queen Announces Daughter's Betrothal

THE HAGUE UPI — Queen Juliana of the Netherlands today formally announces the engagement of her daughter, Crown Princess Beatrix, to Claus Von Amsberg, a West German diplomat who served in a Nazi Panzer division during World War II.

The betrothal of the 27-year-old heir to the throne to a German 11 years her senior touched off anger among many Dutch whose memory of Nazi conquest is still bitter.

There were strong indications that the Dutch government youth movement as their next would withhold its approval of the marriage until next spring.

Parliament must approve the match in order for Beatrix to retain her right to succeed Juliana as queen.

The suave polished Von Amsberg looks like story book Prince Charming for the tall, blonde, blue-eyed Beatrix.

Objections were not directed at either Von Amsberg or Beatrix. But it was clear that the Dutch people were unhappy at the prospect of having a former German soldier who was a member of Adolf Hitler's youth movement as their next would withhold its approval of the marriage until next spring.

Parliament must approve the match in order for Beatrix to retain her right to succeed Juliana as queen.

One hundred forty-one high school students interested in the arts and sciences and 20 social studies teachers opened summer sessions on the DePauw University campus yesterday.

National conclaves, from a geographical standpoint, the two programs have drawn enrollees from as far east as Union, Maine, and as far west as Jasper, Texas.

The high school set last night began a pair of career-oriented sessions called JESSI and CASSI. The Junior Engineers and Scientists Summer Institute has 73 students enrolled. The Communications, Arts and Science Summer Institute has 63 boys and girls.

In both, DePauw staff members will present daily lectures for two weeks appraising students of basic knowledge in their particular fields and outlining the type of formal education students should pursue to prepare for careers in the sciences and arts.

The JESSI program will focus on physics, zoology, botany, chemistry, geology, astronomy and mathematics. The parallel institute is scheduled to examine music, art, foreign languages, speech, education, psychology and library science.

A number of evenings during the two weeks will be spent with visiting lecturers from off campus.

Dr. Hugh Henry, head of DePauw's physics department, is director of the programs which are sponsored and partially supported by Scientists of Tomorrow, a non-profit organization based in Portland, Ore.

The ninth annual Conference on American Studies, directed since its inception by Professor Fred L. Bergmann, head of the English department, brings together high school teachers for a refresher course in American literature, history and government. The teachers are invited to attend under fellowship grants for five weeks.

Sponsors of the 1965 conference are the Coe Foundation of (Continued on Page 2)

Robert M. Kirk Will Retire From Gas & Water Co. Post

Robert M. Kirk, manager of purchasing, Indiana Gas & Water Co., will retire June 30. His successor will be William J. Price.

Robert M. Kirk

William J. Price

A 25-year veteran of the Indianapolis-based utility and its predecessors, Kirk was directed the company's purchasing since 1951.

He is a native of Hendricks County and a long-time resident of Danville, Indiana, where he continues to reside.

He is a graduate of Danville High School and attended Butler University and Indiana University.

Price is a native of Frankfort and a graduate of Frankfort High School. He joined the company in 1947 as district storekeeper at Frankfort and has served as chief clerk in the Frankfort, Crawfordsville and Jeffersonville district offices.

He has served on the general office staff at Indianapolis in several capacities since early 1962.

-Summer Sessions

New York, Mark P. Haines, DePauw alumnus and former Michigan publisher from La Jolla, Calif., Wilbur and John Ford, owners of Ford Meter Box Company of Wabash, Ind., and DePauw University.

Fellows of the conference undertake three courses integrated in common weekly topics: The American literary heritage, Interpretations of American history, and American political ideas and institutions.

The 20 high school teachers are from seven states.

Teaching in the two programs are: (JESSI) Professors Albert Reynolds, John McFarland, Winona Welch, Charles Bieber, Charles Johnson, John Anderson and Hugh Henry; (CASSI) Raymond Mizer, James Elrod, Arthur Carkeek, Garret Boone, Rex Rector, Clinton Green and James Martin-dale.

Teachers for the American Studies program will be Professors E. Fred Carlisle, Clifton J. Phillips, and Harry Voltmer.

LBJ Plans To Help Needy

WASHINGTON UPI — President Johnson's plan to offer federal rent subsidies to needy persons was called up for House debate today. A political cyclone was brewing up over the measure.

The proposal, part of Johnson's \$6 billion omnibus housing bill, could pose the roughest congressional hurdle faced by the administration this year.

The House was expected to finish debate by mid-week and begin voting.

The housing package also would extend existing slum clearance and public housing programs for another four years. But it was the controversial plan to help pay the rents of needy persons that was raising storm warnings.

Critics have called it a "socialistic" scheme. And the issue set off a tremendous collision among housing lobbies. The home builders and the bankers were for the measure, while the real estate interests and public housing lobby were against it.

Sheinwold On Bridge

Choose Right Finesse
If Entries Are Scarce

By ALFRED SHEINWOLD

Many years ago, when I had to choose exactly the right piece of candy for my penny, I would think very hard but would always decide — after I had eaten the piece of my choice — that I had made the wrong choice. Today I see the same sort of thing happening to bridge players.

Opening lead — ♠ 4

South ruffed the second spade and led the jack of clubs to dummy's ace. So far, so good.

Now declarer could try a finesse in either hearts or diamonds. Which? "Get the trumps out first and then think," South said to himself. He therefore led a trump from dummy and went down one.

There was nothing wrong with the heart finesse, except for the time. South won with the queen of hearts and could lead out the ace of hearts, dropping East's king.

The trouble was that South had to lose too many diamond tricks since he had to lead the suit out of his own hand.

TAKE BOTH FINESSES
South should begin by taking the diamond finesse instead of the heart finesse. When the queen of diamonds wins, South cashes the ace of diamonds and ruffs a diamond in dummy.

This puts declarer back in the dummy, in position to take the trump finesse. South leads a trump from dummy, wins a finesse with the queen and leads the ace of trumps next. The king drops, and South can draw trumps and run eleven tricks.

Even if the diamond finesse should lose, it is still correct to take it first. The opponents cannot stop declarer from ruffing at least one diamond in dummy, and that ruffing trick cannot be obtained if South begins by leading trumps. The main hope is to win both finessees, and that can be done only if South starts the diamonds first.

DAILY QUESTION
As dealer, you hold: Spade 3 Heart A Q J 9 8 Diamond A Q 8 4 Club K Q J. What do you say?

ANSWER: Bid one heart. The hand is not quite strong enough for a forcing opening bid. Start with one of your longer suits.

Rain Storms Strike Nation

By United Press International

Thunderstorms and rain spattered the nation's midsection from Texas to the Great Lakes today. Hot, humid weather covered Dixie and the nation's eastern third.

Tornadoes were reported near Waterloo, Iowa, early today and funnel clouds were spotted in Iowa and Wisconsin.

The flooding Arkansas River receded as it moved toward a crest today at Wichita, Kan. Officials said they did not anticipate serious damage.

Winds up to 77 miles per hour whipped Wisconsin Sunday night. The storm blew down a tent at a fair in the Milwaukee suburb of Brown Deer, injuring two persons. Power lines and trees were blown down and radio station WOBT, Rhinelander, Wis., was knocked off the air when falling trees severed its power.

Thunderstorms dumped nearly four and a half inches of rain on Fortoria, Kan., Sunday night. Hail, rain and strong winds lashed the Texas Panhandle and sections of Kansas.

Temperatures remained around 80 before dawn today as eastern and southern cities suffered a second straight day of sweltering heat. The hot spell extended west to Chicago, where readings Sunday hit 94 degrees, highest of the year.

Bible Thought

No man can serve two masters — ye cannot serve God and mammon. Matthew 6:24.

Every professing Christian must learn that the teachings of Christ apply to every issue known to man, including human relations. There is no worthwhile approach or real solution to any issue apart from that which is truly Christian. "If I am a true follower of Christ, I will take the Christian approach to every issue I face." This makes a good motto to use daily.

Personal And Local News

The rescue truck made a run to the Harry H. Sutton residence, Reelsville Route 1, at 2:25 this morning where there was a call for the resuscitator.

Pack 43 will hold its Cub Olympics tonight (Monday) at 6:45 p. m., at Blackstock Stadium. In the event of rain, the Olympics will be re-scheduled for Wednesday evening, June 30.

An organizational meeting of the Reelsville Instrumental Music Program will be held July 6 at 6:00 o'clock in the Reelsville High School Gymnasium. Students from grades 4 through 12 are urged to attend. A meeting of the Reelsville Band Boosters will also be at the same time. All parents are requested to support this meeting with their attendance.

Mrs. Floyd Allen Hosts Craft Club

The Cloverdale Craft Club met at the home of Mrs. Floyd Allen. Nine members and two children attended.

There were several things brought in and passed around for inspection for future lessons. Some were very interesting.

A short business meeting was held, voting in a new member, Mrs. Nettie Broadstreet.

Our lesson was on book markers and paper weights of felt and marble.

Very nice refreshments were enjoyed by all.

Merry Maids Held Picnic

On June 23 the Merry Maids went on their picnic at Van Bibbers Lake.

The meeting was brought to order by President Jeretta Baker. The Pledge to the Flag was led by Debbie Scobee. The 4-H Pledge was led by Denise Hess. Singing was led by Sandy Evans. Roll call was answered by The Color of Your Bathing Suit.

Secretary Diane Dozier read the minutes and they were approved. Then the Treasurer's report was given.

The Health and Safety report was given by Judy Roth.

The meeting was adjourned for swimming.

REBEKAH NOTICE

Bee Hive Rebekah Lodge No. 106 will meet in regular session this evening at 8:00 p.m. All members having birthdays from January 1st to July 1st please report to the program committee or Noble Grand Irene Grubb by July 1st. Members please bring a pound of food for the social hour.

Irene E. Grubb, Noble Grand

Gains Gave Party Hopes

BONN UPI — Huge gains by West Germany's Social Democrats in the industrial Saarland today gave the party hope of winning its first national contest this fall against Chancellor Ludwig Erhard.

Erhard's Christian Democrats retained their plurality in the Saarland legislature in Sunday's voting but only by a hair.

The Social Democrats increased their percentage of the total vote by 10 points. The Christian Democrat increase was six points.

Experts suggested even more spectacular advances by the Social Democrats in the Sept. 19 voting for the West German federal parliament. Erhard will be opposed by Mayor Willy Brandt of West Berlin, a Social Democrat.

The total share of the poll of all the Saar parties whose members normally vote for Erhard in a national election was unchanged at about 48 per cent compared to about 41 per cent for the Social Democrats.

Gov. Branigin Working On \$280 Million Atomic Smasher

INDIANAPOLIS UPI — Governor Branigin worked today on supplemental information he will send the Atomic Energy Commission Tuesday in Indiana's bid for a \$280 million atom smasher.

The information contains two alternate power proposals. The new one comes from the Indianapolis Citizens Gas & Coke Utility which is proposing that the AEC use gas to fire its own power-producing plant, if the site on Eagle Creek near Indianapolis is selected.

The other is a reduced rate offered for electricity by the Indianapolis Power and Light Co.

Branigin, who has made an all-out effort to have Indiana chosen as site for the AEC nuclear research center also will include additional information about air travel into and out of the Hoosier capital.

The new information is expected to strengthen Indiana's chances in the keen competition for the center, which will be the largest of its kind in the world.

Branigin called a special session of the legislature and delayed other duties to present the Indiana bid.

Roachdale Club Holds Meeting

The Roachdale Opti-Mrs. Club met Tuesday evening, June 22, at the home of Mrs. John Burdette. Co-hostesses were Mrs. Burdette, Mrs. Max Pickel and Mrs. Laurence Windmiller.

Sixteen members were present for the wiener roast and pitch-in dinner. Mrs. Windmiller served as acting president.

Mrs. Irene Stanley was a guest of the club and spoke on handicrafts. She brought samples of her work in leathers, ceramics and hooked rugs. She explained how these items were made and the steps to be followed in completion.

The next meeting will be a blind-gift auction July 27 at the home of Mrs. Sherman Thompson.

Sky Hawker Hit

It was disclosed today that a U.S. Navy A4 Skyhawk was lost Friday during a strike over North Viet Nam. The pilot was officially listed as missing. He was identified as Cmdr. Peter Mongilardi Jr., but authorities did not list his hometown under new regulations designed to keep information on captured Americans from reaching Communist hands.

On The U.S. Farm Front

By Gaylord P. Godwin

WASHINGTON UPI — An Agriculture Department projection of the agricultural economy in western United States indicates surpluses of fruits, vegetables, and some other farm foods in the area will increase by 75 per cent from 1960 to 1985.

The projection was made by the department's Economic Research Service, which looked into expected changes in the production, processing, marketing, and consumption of food products in the Pacific Coast and Mountain states and in shipments outside the region.

The states involved are Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming.

RUTHS BEAUTY SHOP 709 East Walnut OL 3-6371

Ruth Hane
Operator

ERS said a relatively mild climate and irrigation enables the region to produce an abundance of fresh and processed fruits, vegetables, nuts and sugar beets. These surpluses are shipped commercially to points outside the West.

The agency estimated that by 1985 net production over local consumption would increase from 20 billion pounds retail weight in 1960-61 to 35 billion pounds.

AFO Attorney Offers Aid

WASHINGTON UPI — AFL-CIO attorneys were called to a special conference here this week to assess the impact of two Supreme Court decisions limiting the anti-trust immunity of labor unions.

J. Albert Woll, AFL-CIO general counsel, arranged the meeting of labor lawyers to discuss the probable impact of the rulings and the steps unions can take to protect themselves.

The decisions provide that unions lose their traditional exemption from antitrust prosecution — or civil triple-damage suits — if they make an agreement with one employer to impose uniform wage standards on competitors.

They were handed down in cases involving the United Mine Workers and a small Tennessee coal company, and the Meat Cutters' Union and the Jewel Tea Co. grocery stores in Chicago.

The lawyers who fought the

cases for the unions decided against filing petitions for reconsideration or rehearing. As for getting legislation through Congress to override the high court, most labor officials doubt that it would stand much chance of passage.

Republicans Meet With Bliss

WASHINGTON UPI — The Republican National Committee and GOP state chairman gathered today to hear what National Chairman Ray C. Bliss has done to get the party moving again.

Former President Dwight D. Eisenhower was to address a lunch session of the two-day meeting today.

Bliss called the meeting to offer a progress report after he had been in office only three months. He took over the national headquarters April 1, succeeding Dean Burch, a protégé of Barry M. Goldwater, the defeated 1964 presidential nominee.

Except for the Eisenhower

lunch, Bliss ordered this meeting to be held behind closed doors. In recent years, the GOP National Committee has held occasional, brief closed sessions but has opened most of its meetings to the press.

The agenda included filling three vacancies among four vice chairmanships of the committee, and advice from Mayor William Cowger of Louisville, Ky., and Robert Walker, executive director of the Republican Associates of San Diego County, Calif., on how Republicans can win in metropolitan areas.

Twelve Persons Killed On Hoosier Highways

By United Press International

At least 12 persons died between 6 p.m. Friday and midnight Sunday in one of the worst non-holiday weekends of the year on Indiana highways.

The deaths, including five in just two accidents, raised the state's toll for the year to at

least 654 compared with 559 on this date last year.

A fiery car-truck collision Saturday near Scipio on Indiana 7 claimed the lives of Mrs. Juanita Griffin, R.R. 4, Columbus, Lee Waltz, 23, Highland, and his wife, Barbara Ann, 19. The two women were killed instantly and Waltz died a few hours later in an Indianapolis hospital.

Melvin Browning, 20, Cicero, and Hubert Rose, 22, Chesterfield, were killed early Sunday in a two-car collision on Indiana 19 near Civero. Five other persons were injured.

Richard Wise, 38, Mishawaka, was killed Sunday when a station wagon driven by his wife pulled from a county road into the path of another car on U.S. 20 near Mishawaka. Ten other persons, including seven children, were injured in the crash.

Mrs. Nadine Pitcher, 66, Fort Wayne, was killed Saturday night in Fort Wayne when another car collided with one driven by her husband. The Pitcher car then slammed into a parked car.

Thomas Hoagland, 21, Redkey, was killed Saturday night when his motorcycle went out of control on a Jay County road near Redkey and struck a culvert.

Four other persons were killed in separate accidents Friday night and early Saturday.

A dozen weekend traffic fatalities send Indiana's death toll on a sharp climb to at least 655 compared with 559 a year ago.

Five were killed in two of the accidents in which 12 fatalities occurred, and Clarence Miller, 48, Lafayette, died Sunday night in an Indianapolis hospital from injuries suffered April 5 in a head-on collision on U.S. 52 by-pass near Lafayette.

Four Persons Drowned In Hoosier Waters

By United Press International

Four persons drowned in Indiana over the weekend as Hoosiers flocked to lakes and streams to escape from heat which reached the 90-degree mark in some sections of the state.

Edward Redermacher, about 20, Munster, drowned in Lake Michigan Sunday afternoon while swimming with a group of friends at an unprotected part of Indiana Dunes State Park. The friends said they heard Redermacher call for help but were unable to reach him. State police divers recovered the body Sunday night in 10 feet of water about 150 feet from shore.

Anthony Robert Uloza, Jr., 18, Hobart, drowned Sunday morning while swimming with a group of friends at Wabash Lake near Valparaiso. Members of the group said they were swimming around a raft and suddenly realized Uloza was missing. Porter County sheriff's deputies recovered the body a short time later.

Mrs. Jo Ann Henderson, 39, Terre Haute, drowned early Sunday when the boat in which she was riding struck a log in the Wabash River near Terre Haute and capsized. Her three companions managed to swim to shore safely. Mrs. Henderson's body was recovered Sunday morning.

Mark Walters, 9, rural North Salem, drowned early Saturday night while fishing in a farm pond near his home. Authorities believed he slipped into the water from the bank. His body was recovered a short time later.

COLD STATISTICS

ATHENS, Ga. UPI — Per capita consumption of frozen vegetables has increased 15 times since 1941, according to the University of Georgia extension service. The average American at only seven-tenths of a pound of frozen vegetables in 1941, the service said.

Ben Casey, ABC. Maureen O'Sullivan as the over-protective mother of a handicapped high school boy. Repeat. 9 p.m. CDT.

ABC's Nightlife. Les Crane returns as host for four weeks. Dave Garoway, comedian Nispey Russell are regulars.

Check local times.

STEPS DOWN—District Judge Joe B. Brown (above), who told Jack Ruby he must die in the electric chair for the slaying of presidential assassin Lee Harvey Oswald, has withdrawn from the legal entanglements of the case in Dallas, Tex. He did not offer an explanation.

Celebrates 85th Birthday

EASTON, Conn. UPI — Helen Keller, whose triumph over blindness and deafness has become legend, quietly celebrated her 85th birthday Sunday.

Now frail with age but still alert, Miss Keller sipped her favorite champagne and munched on birthday cake at a small gathering of family and friends in the white clapboard house which crowns her little estate here.

Committee Finds Scare Threat

WASHINGTON UPI — Congressional investigators looking into the activities of the Ku Klux Klan have found that potential witnesses are being frightened off by threats of violence or of economic and social reprisals.

Sources reported during the weekend that investigators for the House Committee on Un-American Activities were finding it difficult to persuade prospective witnesses to appear either at the closed or the public hearings on the KKK planned for this summer.

Committee staff members are operating in a number of south-

The Daily Banner, Greencastle, Indiana
Monday, June 28, 1965

ern states, quietly interviewing dissident Klansmen, victims of Klan violence and law enforcement officials who have dealt with the hooded nightriders.

But the investigators are encountering instances where such persons are being threatened with economic and social reprisals and in some cases even physical violence if they cooperate.

Conference Is Postponed

ALGIERS, Algeria UPI — The postponement of the second Afro-Asian conference, a bitter blow to Communist China, almost caused an open split between so-called "moderates," and a pro-Peking bloc, informed sources said today.

They said that a face-saving agreement to hold the conference next Nov. 5 with a surface show of unanimity prevented a real showdown.

Those lined up with China in taking a hard line included Algeria, Indonesia, Syria, Ghana, Guinea, Kakistan and Cambodia.

The leaders of Communist China, Indonesia and the United Arab Republic held a "little" Afro-Asian summit conference Sunday in Cairo.

The collapse of the main Afro-Asian conference, originally scheduled to open Tuesday, came 10 days after the overthrow of Algerian President Ahmed Ben Bella by his trust-

ed aide, Col. Houari Boumedienne.

Communist China led the fight to hold the conference as scheduled despite a weekend bomb blast that ripped the meeting hall.

The so-called "moderates," the sources said, headed by Japan, included the Philippines, India, Thailand and Turkey. They also counted some of the British Commonwealth African members and Iran, Tunisia and Morocco.

A third group, led by the U.A.R., included most of the remaining Arab countries.

The postponement also was a bitter pill for the Boumedienne regime which had maintained almost to the last minute that the conference would be held.

Communist China, lobbying for the conference, went as far as issuing a public statement Friday saying that "rumors" that Peking sought a postponement were being spread by "imperialists and reactionaries trying to sabotage the conference."

Greencastle Summer Basketball Program Under Full Swing

Greencastle's summer basketball recreation program, under the direction of Greencastle High School Assistant Basketball Coach Hal Sampson, is in full swing. The program is directed for boys who are entering the eighth and ninth grades of school next fall.

The boys participate in practice sessions during week-day mornings at the high school gymnasium. They are divided into two groups, one group playing the first game and the second playing the next game of two game series with surrounding cities.

Swimming Lessons Offered At Lieber State Park Pool

Eugene Knoy, Supt., Lieber State Park, announced today that once again swimming lessons will be offered to beginners, intermediate, and advanced swimmers at that property.

The lessons will begin on Monday, July 12, and extend through Friday, July 23. The following daily schedule will be followed on Mondays through Fridays (except Holidays):

Beginning swimmers from 8:00 a. m. to 9:00 a. m.
Intermediate swimmers from 9:00 a. m. to 10:00 a. m.
Advance swimmers from 9:00 a. m. to 10:00 a. m.

Baseball Action

The Philadelphia Phillies blanked the San Francisco Giants 6-0, the Chicago Cubs beat the St. Louis Cardinals 6-3 after an 8-0 loss and the Houston Astros downed the New York Mets 4-2 in other NL games.

In the American League, Minnesota topped Detroit 6-4 and 6-5, Boston beat Washington 4-1 and 5-4, New York defeated Los Angeles 7-2, Cleveland outslugged Kansas City 10-7 and 11-7, and Chicago beat Baltimore 6-2 and 4-0.

Culp Checks Giants
Ray Culp limited the Giants to eight hits and struck out three in squaring his record at 4-4 for the Phillies. Johnny Callison hit his 14th homer and Rich Allen had three singles and a double to lead the Phillies' 10-hit attack on Bob Bolin and three successors.

Billy Williams doubled home the tie-breaking run in the ninth inning as the Cubs salvaged the nightcap of their doubleheader in St. Louis with a three-run rally that gave Bob Humphreys his second victory. The Cardinals won the opener behind the five-hit, 12-strikeout pitching of Bib Gibson, who snapped a six-game losing streak to win his ninth game. Lou Brock and Phil Gagliano led St. Louis' 11-hit attack with two hits each.

Bob Bruce pitched a three-hitter and struck out 10 for his sixth win for the Astros, who swept their four-game series with the Mets. Lee Maye homered and Jim Wynn, Walter Bond and Ron Brand had two hits each for Houston. Larry Jackson suffered his 10th setback for New York.

Big Bats In Tune For Reds

By FRED DOWN
UPI Sports Writer

It could be 1961 all over again for the Cincinnati Reds if Vada Pinson and Frank Robinson have their big bats back in tune. Pinson batted .343 and Robinson hit .323 when the Reds won the National League pennant in '61 but the combo just didn't click in the next three seasons. Pinson fell to .292 while Robinson batted .342 in '62. Pinson rose to .313 but Robinson fell to .259 in '63. . . and Pinson plunged to .266 when Robinson rose to .306 in '64.

But Pinson and Robinson have behaved more like the 1-2 punch of '61 this season with Vada batting .312 with 10 doubles, five triples, 13 homers and 46 runs batted in while Robinson is hitting .296 with 13 doubles, two triples, 15 homers and 49 RBIs.

Clark Wins Grand Prix Auto Race

CLERMONT FERRAND, France UPI — Scottish farmer Jim Clark, described as "the greatest racing driver the world has ever seen," set himself a difficult task today after winning the French Formula One Grand Prix auto race.

Clark continued to make a shambles of the world championship standings when he drove a four-year-old practice Lotus Climax to an easy front-running victory Sunday in the difficult French test.

Clark, who now has won all three of the Grand Prix races he has contested this year for 27 points in the drivers' standings, said his goal is to win every grand prix he starts this season. The only big race he has missed thus far was the Monaco Grand Prix, when he was in the U.S. to win the Indianapolis 500.

Wins Backstroke

BRUSSELS UPI — Cathy Ferguson of Burbank, Calif., one of the United States' stars of the Tokyo Olympics, won the 200-meter backstroke at an international swimming meet Sunday with a time of two minutes, 34.7 seconds.

The official kick-off for the basketball games came last Friday evening when the Tiger Cubs tangled with Zionsville. The Zionsville teams easily rolled over the Tiger opposition 19-4 and 50-18.

The visitors had a definite height advantage of four to five inches per boy. But the little Tigers came through on the boards with superior totals.

Director Sampson reported that the boys showed a great deal of desire to play and with a little time, he was sure there would be a great deal of improvement.

The next game scheduled for the summer recreation program will tip-off Monday at 6:00 in the downtown gymnasium. There is no admittance and parents and public are urged to attend the games.

Tigers Rally To Tie Score

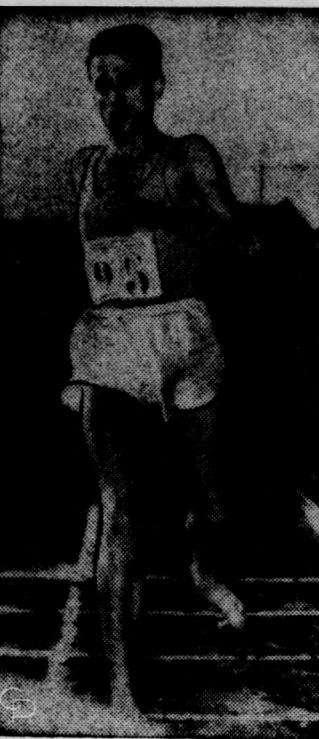

PITTSBURGH, Pa. UPI — The Tigers rallied to tie the score on the home run power of Willie Horton No. 17, and Don Demeter No. 6 and four hits by Al Kaline. Don Mincher's fourth home run with Harmon Killebrew on base in the eighth inning gave the Twins the first game decision. Reliever Al Worthington was the winner.

Hinton Ends Marathon

Chuck Hinton's three-run homer in the 15th inning ended a five-hour and three-minute marathon triumph for the Indians. Max Alxis delivered a pinch hit sacrifice fly with an error to plate the decisive run in the seventh inning of the nightcap when the Indians tallied four times. Winning pitcher Sonny Siebert singled in two runs in the rally. Duke Sims, Larry Brown, Rocky Colavito, Leon Wagner and Pedro Gonzalez homered for the Indians in the double win.

Whitey Ford captured his sixth straight victory, the 225th of his career and extended his undefeated string in Yankee Stadium to eight with eighth-inning aid from Pedro Ramos. Elston Howard, Hector Lopez and Clete Boyer each drove in two runs for the Yankees as they handed Angels starter George Brunet his fifth loss in 10 decisions.

Jim Lonborg scattered seven hits and doubled and scored one run for Boston in the Red Sox opener and Bob Tillman completed the sweep by pounding a bases-loaded single in the 11th inning if the nightcap to score the winning run. Carl Yastrzemski collected four hits in the twin bill and scored the winner in the nightcap when he doubled and was sacrificed to third preceding Tillman's blow. The Senators had rallied to tie the nightcap on homers by Doug Camilli and Don Lock. Reliever Bob Duliba picked up the win.

RECORD BREAKER — Continuing his amazing, month-long assault on track records, Michael Jazy of France crosses the finish line at Melun as he lowers his own world record for two miles—a fantastic 8:22.6.

LEAGUE STANDINGS

Indians to Meet Denver Tonight

INDIANAPOLIS UPI — The Indianapolis Indians had only one consolation today as they prepared for another Pacific Coast League clash tonight with Denver.

Counting tonight, they have only three more games with the Bears for the remainder of the season. And that's beginning to look like three too many.

The Bears took three games from the Indians here over the weekend to make it seven in a row over Indianapolis. The Bears won four straight in Denver before the teams resumed the series here Saturday.

Denver, which collected 47 hits off Indianapolis pitching over the weekend, took a day-night doubleheader Saturday, 13-4 and 9-5, and then won Sunday's single game, 9-3.

New Race Team For Indy 500

HOUSTON, Tex. UPI — Oil millionaire John Mecom, Jr., Houston, announced his plans Saturday for a new racing team to compete in the 1966 500-mile auto race at Indianapolis.

Mecom, 25, said he also will continue the Mecom road racing team. The Indianapolis venture will be the first in oval track racing for Mecom.

He said that Walt Hansgen, who has driven for him in road races in the past and who also has driven in the last two 500-mile races, will be lead driver and competition director for the team. England's John Surtees, former world motorcycle racing champ and defending world road racing champ, also will be a member of the team.

Two-time "500" winner Roger Ward, Indianapolis, may also be a member of the team. There appears to be still some question regarding Ward's contract obligations to Milwaukee race car owner Robert Wilke for whom he has driven in the past.

Chief mechanic for the team will be George Bignotti, who until a week ago had served in a similar position for four-time national driving champion A. J. Foyt. Houston. The pair parted company after Foyt had mechanical trouble in the June 20 race at Langhorne, Pa.

Mecom said that his team will drive British-built, Ford-powered Lotus.

Baillie Wins Race

SAARJAEVI, Finland UPI — Bill Baillie of New Zealand, holder of the world one-hour running record, won the International Saarijaervi 5,000-meter race Sunday in 14 minutes, 5.2 seconds. Baillie was a fifth of a second ahead of F. Philipp of West Germany.

JOHANNESBURG, South Africa UPI — Paul Armstead, 136, Los Angeles, outpointed Enoch Nhlapo, 138, South Africa 10.

OAKLAND, Calif. UPI — Ricardo Moreno, 128½, Mexico, stopped Fernando Sota, 123, Oakland 2.

Weld Takes 100-Lap Feature at Raceway

By United Press International
The performance of rookie Greg Weld, Kansas City, in winning the 100-lap U.S. Auto Club sprint car feature Sunday at Indianapolis Raceway Park highlighted the weekend's auto racing program in Indiana.

The weekend was marred by the death of a driver Saturday night in a modified sprint race at the Lawrenceburg Speedway and another Sunday in a drag race near Bunker Hill.

Paul D. Beatty, 24, R.R. 6, Huntington, was killed Sunday afternoon when his dragster's brakes failed at the end of a quarter-mile run. The dragster left the strip, crossed a road and crashed in a field. The impact snapped Beatty's seatbelt and he was thrown from the vehicle.

William Fuqua, 27, Osgood, was injured fatally when his car climbed up on the rear of

one he was trying to pass on the main straightaway, landed broadside and then rolled over 10-12 times. He was dead on arrival at Dearborn County Hospital.

Weld, who became eligible to join the USAC ranks only after his 21st birthday in March, grabbed the lead on the 29th lap Sunday and then held off the challenge of Mario Andretti to make his first appearance on a paved track a winning one.

Andretti held second place until the 89th lap and finally went out on the 96th lap. Carl Williams finished second with Roger McCluskey third.

Weld's victory, at a speed of 55.9 miles per hour, moved him into first place in the USAC sprint car point standings. Former leader and defending champion Don Branson set a new track record in qualifications for the race but damaged his car in a preliminary race and was unable to start in the feature.

Four-time national driving champ A. J. Foyt continued to be plagued by mechanical troubles and finished last in the field of 22.

At Kokomo Saturday night, Bobby Grimm won the USAC 50-lap midget race feature, edging Bob Wente by less than a straightaway.

Toth Hurls 4-0 Shutout Sunday

By United Press International
Just about everyone gets well against the New York Mets and the same holds true for their Buffalo farm team in the International League.

Former major league pitcher Paul Toth hadn't won a game in six weeks for Toledo and was riding a personal four-game losing streak until he faced Buffalo Sunday.

Toth hurled a 4-0 shutout and permitted only four hits against the Bisons, who have scored only two runs in the last 37 innings and have lost nine of their last 10. The loss dropped the last-place Bisons 2½ games behind league-leading Atlanta, which swept a doubleheader from Rochester, 11-10 and 2-0 in seven innings.

Columbus beat Toronto 6-5 and 4-3 in a twin bill and Syracuse whipped Jacksonville twice, 6-3 and 5-3.

The double triumph for Atlanta enabled it to maintain a 3½ game lead over second place Columbus.

East Downs West 34 to 14

BUFFALO, N. Y. UPI — The New York Jets and San Francisco 49ers beamed with "I told you so" looks today—and rightfully so.

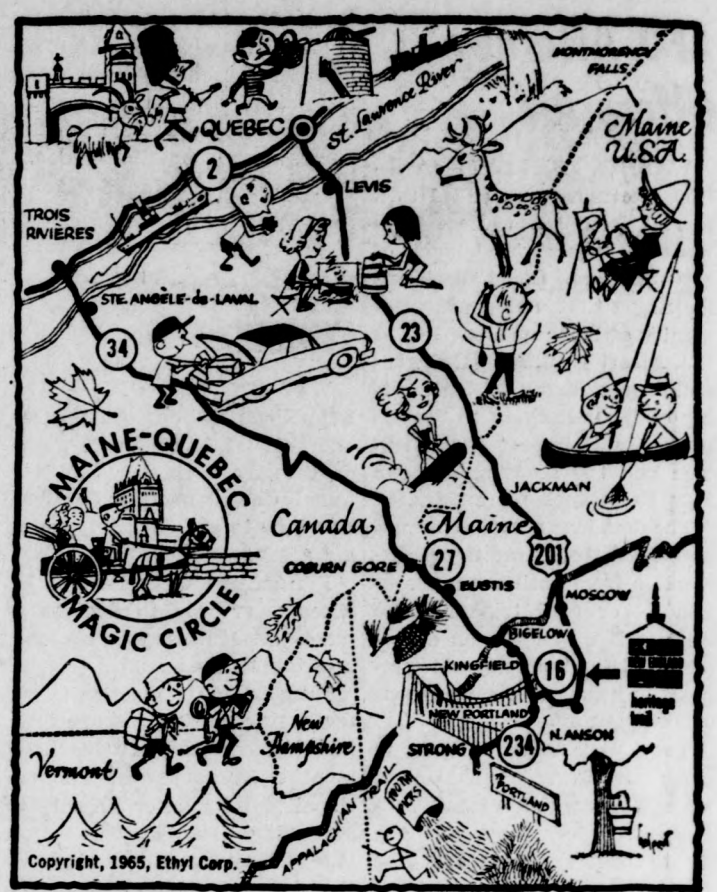

For it was North Carolina halfback Ken Willard by land and Notre Dame quarterback John Huarte from all angles as the East crushed the favored West 34-14 in the fifth annual Coaches' All-America Football game Saturday night before a record 25,503 in War Memorial Stadium.

The 230-pound Willard signed as the top draft choice of the National League 49ers and the American League Jets dished out \$200,000 to snare 1964 Heisman Trophy winner Huarte.

Entered In Race

WESTBURY, N. Y. UPI — Martina II, a French-bred trotter owner by the Clearview Stables of Norman Woolworth, has been entered in the \$50,000 American Trotting Championships to be held at Roosevelt Raceway next Friday night. Others in the race are Speedy Scot, Speedy Count, Big John, Express Rodney, Su Mac Lad and Dream High.

BLOIS, France UPI — Marcel Cerdan, Jr., 147, Paris, outpointed Jean Claude Lepolard, 147, Paris 6.

By Edward Collier

There is an off-the-beaten-track vacation with an international flavor for those who explore Maine's wilderness country, and then drive across the Canadian border to colorful Quebec.

This Magic Circle motor tour starts at the 1780 village of Strong, self-proclaimed "Toothpick Capital of the World" where April brings the annual Maple Festival, attended by platoons of spring skiers from nearby Rangeley and Sugarloaf Mountains. Near New Portland is an 1842 wire suspension bridge dubbed "Col. Morse's Fool Bridge" when built, but which has outlasted many later ones.

Entering Canada at Coburn Gore is almost like crossing into France, for the road signs are in French and look-alike farm towns are clustered around a church. But when you reach the St. Lawrence River the scene turns modern with large ocean-going ships.

Quebec is a melange of horse-drawn carriages, quaint narrow streets, medieval gates, and old-world charm. The Citadel, a historic fortress perched on a cliff, attracts scores of visitors for the Changing of the Guard ceremony executed by stiff soldiers in high bearskin hats and scarlet tunics. In the lower town is the 1637 Maison des Jésuites, oldest house in Canada.

Once back in the U.S. the route (U.S. 201) picks up a segment of the New England Heritage Trail. Here Maine's contribution is photogenic lakes, peaks, and forests holding the promise of spring.

Unlimited Foul Rule Beats Indiana All-Stars 74 to 69

LOUISVILLE, Ky. UPI — Angus Nicolson, coach of the Indiana high school basketball all-stars, is anything but pleased with his first—and he hopes only—experience with an experimental unlimited foul rule.

The rule, which allows a player to stay in the game after collecting his fifth personal foul, was tried in Saturday night's Indiana-Kentucky game here Saturday night.

Kentucky won, 74-69, for its second victory over the Hoosier all-stars in as many weeks and the foul rule was a major factor. Tom Hagan, who led the Kentucky attack with 22 points, collected his fifth personal foul in 16 minutes left in the game. And during those remaining 16 minutes, he scored 10 of his 22 points to lead Kentucky to the victory.

Indiana led, 31-30, at halftime but Hagan and Bob Washington took charge after intermission. Kentucky finally went ahead, 53-51, midway through the second half and built the margin

to 10 points, 63-53, at one point. Indiana never could quite catch up.

Washington scored Hagan in the Kentucky following with 13 points while Butch Beard had 11. Bill Keller led Indiana with 20, followed by Dolph Pulliam with 11 and Ralph Taylor with 10.

Nicolson said he was pleased with the improvement in the Hoosiers' play since their 90-80 loss to Kentucky the previous week in Indianapolis but that it wasn't enough to overcome the foul rule and "a few mistakes" his players made in the second half.

Kentucky coach Joe Reibel conceded that the foul rule, which allowed Hagan to remain in the game, was a help.

It was only the second time since the series went on a home-and-home basis in 1955 that one team had won both games. Kentucky did it in 1957. Indiana still holds a 23-11 edge in the series.

GREENCASTLE CITY SOFTBALL LEAGUE 1965 SCHEDULE OF GAMES

Hollywood News

HOLLYWOOD UPI—Burned bridges department, Hollywood division:

Six years ago Paul Newman, incensed at the roles he was receiving at Warner Bros., bought out his contract for the nice round sum of half a million dollars, give or take a few bucks.

Verbal hand grenades were lobbed on both sides. Odds were more than half a million to one that the temperamental actor and the peeved studio would stay out of one another's way. But there was Newman, munching a hamburger in the Warner's commissary the other day philosophizing on the nature of feuds.

"A feud should live a full and colorful life," he said. "And then it should die a natural death and be forgotten."

Jack Warner evidently shares his views because Newman is back at work in "The Moving Target." But the relationship between studio and star is quite different that it was when Newman worked there last in "The Young Philadelphians."

He no longer is a hired man on the studio payroll. He does, in fact, own a percentage of the new picture — an unthinkable notion in the old days.

Since leaving Warner's, Newman has free-lanced his way to three Oscar nominations. "Hud," "Cat on a Hot Tin Roof" and "The Hustler."

"After six years on my own I can find no fault with free-lancing," Newman said. "If I make a poor picture I have only myself to blame. Naturally, my judgment is not infallible. But the way I see it, if an actor finds one outstanding script every three years he's got a helluva good batting average. "You read 20 bad scripts, and then when you see a couple of fair ones they begin to look good to you. So you do the best you can."

Newman is perhaps the most successful of the Actors Studio graduates. Other method hotshots have zoomed briefly and then had to settle for television series.

But not Paul Newman.

The Farm Front

By GAYLORD P. GODWIN

WASHINGTON UPI — The Soil Conservation Service said Friday a survey of wind erosion conditions in the Great Plains states shows 3,902,836 acres were damaged during the flow season beginning Nov. 1, 1964, and ending May 31, 1965.

The Agriculture Department agency said the 1964-65 wind damage occurred in 202 counties. A year earlier, land damage in 183 reporting counties encompassed 4,295,937 acres.

The land damaged this season covered 3,285,616 acres of cropland, 553,550 acres of rangeland, and 63,670 acres of other land.

The Southern Plains states reported 3,125,810 acres, or 80 percent of the total, were damaged. Northern Plains states reported 777,026 acres damaged. Texas reported the greatest acreage damaged, 2,051,850. Kansas had

Inside WASHINGTON
MARCH OF EVENTS
D.C.'S TOP ATTRACTION:
IT'S NATIONAL CAPITOL
EARLY DAILY CLOSING
BALKS MANY SIGHTSEERS
By HENRY CATHCART
Central Press Washington Writer
WASHINGTON—If any place in the United States truly "belongs to the people," it is the National Capitol. That the people across the country so consider it is evidenced by the constantly increasing flow of tourists into Washington at all seasons of the year.
The Capitol has become so much a part of the "tour" that on some days an incredible 40,000 visitors line up to see the seat of the legislative branch of the federal government.
Imagine the disturbed state of some of these thousands when, having traveled from distant parts and usually on a tight time schedule, they are confronted with the problem of making their tour of the Capitol before 4:30 p.m. each day. Yes, that's the time when the building is closed to the public.
Congress is feeling the pressure of some of the indignant tourists, however. There's an appropriation going through the legislative mill that will provide for sufficient guards, elevator and service help to keep the building open to the public until 10 p.m., at least during the heavy spring and summer tourist season.
We're sure the additional expenditure could be largely offset should the Congress, in its wisdom, throw open the Senate and House dining rooms to visitors when the daily sessions are over.
● **AMATEUR NIGHT**—Hollywood and television have educated us to the belief that bank robbing is a highly-developed skill practiced only after long and arduous years of apprenticeship under some master of the art.
The impression has grown up that, to be successful, one must be a planner of infinite patience and have the vision to anticipate all contingencies and find ways to meet them.
Not so, says an authority on the subject, a high official of the Federal Bureau of Investigation. While bank robberies in the United States are at an all-time high, the activity has been increased mostly by the rank amateur.
"We have no way of knowing," this expert says, "whether they really are carrying nitroglycerin in that bag or whether that gun they're waving around is real."
And there's the nub of the problem. Instead of bank robbing being conducted by experts, the activity has attracted the lunatic fringe. Not only are they nutty, but they're so excited that they forget some of the most elemental matters.
Take the fellow who, in pulling his first job, nervously herded the bank employees into a corner and then had to move them back into the center of the lobby because the original space couldn't accommodate them all. Then, he shakily ordered a teller to "fill up my bag." The teller couldn't because the robber had forgotten to bring it along with him.
To top it all off, the robber fainted at that point in the proceedings and when the police arrived all they had to do was pick him up off the floor.
Bank Robbers Not Crafty Professionals

Angry Arkansas River Down
HUTCHINSON, Kan. UPI—The once-angry Arkansas River lost none of its punch today with floodwaters diminishing in their slow movement downstream toward Wichita.
The river was expected to crest at Wichita Tuesday but officials said "It will take a lot of water to cause any serious damage."
He referred to Wichita's "big ditch," a diversionary canal which catches any excess water from the Arkansas' main channel and bypasses the city to the north.
The river crested here at 10.42 feet midnight Saturday but had dropped to 10.05 feet late Sunday. Flood stage is eight feet and officials forecast the river to be within its banks by Tuesday.
Nearly all of Hutchinson's residents were protected from flood waters although some had to leave their homes.
The river, swollen by runoff water from heavy rains over the weekend, crested at slightly above bankful of 16 feet Sunday at Arkansas City near the Kansas-Oklahoma border. The river leveled off, however, and was not expected to crest from flood waters until Thursday.

Loving Care Needed By Air Conditioning
NEW YORK UPI—An air conditioning system, like a baby, needs tender loving care.
To get the most from a cooling system, you must cater to its whims. Air must be both cool and relatively dry for comfort. Unfortunately, normal household activities can — and too often do — contribute to the heat and humidity that the conditioner is expected to eliminate.
Here are pampering suggestions from experts at Honeywell:
Keep doors and windows closed, even in mild weather. Open doors are an invitation to dust, heat, humidity, the very things the cooling unit

NOTICE OF ADMINISTRATION
In The Circuit Court of Putnam County, Indiana.
Notice is hereby given that O. A. Cooperider was on the 7th day of June, 1965, appointed Administrator of the estate of Edna Phipps Cooperider, deceased.

BACK AS A REPUBLICAN — Standing with his wife in Columbia, S.C., Rep. Albert Watson, who vacated his congressional seat after being punished by the Democratic Party for supporting Barry Goldwater, gives the victory sign. He was re-elected as his state's first Republican congressman since Reconstruction.

HELD IN SEX ATTACKS—Arrested in the Bronx, New York City, Alfred Gonague, a 19-year-old college student, was held on charges he staged a string of knife-point sex attacks on young white girls. Police said the scholarship student at Brandeis University, Waltham, Mass., admitted the assaults, all committed on blonde girls between the ages of 10 and 13 years on rooftops of housing projects.

Body is Found in White River
BEDFORD, Ind. UPI—Marlin Peyton, 52, rural Mitchell, missing for about a month, was found dead Saturday in a car submerged in the White River.
Police said they believed Peyton drowned after accidentally driving into the river while attempting to turn his car around on a narrow road overlooking a steep bank of the river.
Peyton was reported missing late last month from his summer cabin along the river.
A fisherman found the car and the body Saturday morning.

Couple Celebrates 70th Anniversary
KENDALLVILLE, Ind. UPI—Mr. and Mrs. William H. Bornemann celebrated their 70th wedding anniversary last week. He is 95, she is 87.
The couple moved to the Lutheran Home in Kendallville two years ago. Before that, they lived in Bremen where Bornemann worked as a shoemaker.
An official of the Lutheran Home described Mrs. Bornemann as "spry and alert," while her husband, although alert, is suffering from severe deafness.
The couple had no special celebration last week, but their two daughters and son visited them.
Their son, Gerhard, operates a plastic business in Bremen.

McCormick Named Committeeman
WASHINGTON UPI—Robert L. McCormick, a writer and onetime assistant to the late President Herbert Hoover, has been named associate research director of the Republican National Committee, it was announced today.
McCormick, whose appointment was announced by GOP National Chairman Ray C. Bliss, served as Hoover's assistant on the first Hoover Commission on governmental reorganization.
Named to the GOP National Committee's research staff was George Norris Jr., an attorney and scientist who served as counsel for the Joint Congressional Atomic Energy Committee from 1953 to 1957.

High And Low
NEW YORK UPI—The highest temperature in the nation Sunday, excluding Alaska and Hawaii, was 107 at Presidio, Tex., the U.S. Weather Bureau reported. The low this morning was 33 at Butte, Mont.

JUST SAY, "CHARGE IT"

Prince Charles Years For Royal Navy
By MARGARET SAVILLE
United Press International
LONDON (UPI)—Prince Charles, 16-year-old heir to the throne, will sit at a small banquet in a room at Gordonstoun School in July for examinations that will shape his future career.
If he is to achieve his expressed ambition of joining the Royal Navy by going to Dartmouth Naval College as a cadet, he must get higher marks in some subjects than he did in 1964.
He sat then for the General Certificate of Education (GCE) under the Oxford and Cambridge Examination Board rules and got five "ordinary level" passes — in English language, English literature, history, Latin and French.
Gordonstoun's headmaster, Robert Chew, is said to regard this as "reasonably good."
Now, the prince must show ability at mathematics and science, essential for a naval officer. He has been trying to improve on these subjects by intensive study in the past months.
If Charles succeeds in passing this time, he will sit for the "advanced level" GCE in July next year, marking the official end of his schooldays. He started at Gordonstoun, his father's old school in the Scottish highlands, in 1962.
Apart from the ordinary level passes, at least two advanced level subjects are required for entry into the Naval College.
If Charles gets the advanced level he would be ready for the college 1966 entry examination in Sept., 1966. Entrants must be at least 17 years and six months old. Charles qualifies because he will be 17 in November.
After the ordinary level examinations in July, the prince will go home for the usual two-month summer vacation while his parents, Queen Elizabeth and Prince Philip, assess and consider his prospects.

It Lights Up the Sky
If you really want to enjoy the 1965 version of the New York World's Fair, you must be there after sunset. That's the advice of Kathy Burns, "Lady of Light."
In the picture above, Kathy has been admiring the unique, multi-colored lighting of the 200-foot-diameter dome of General Electric's Progressland, and its reflection in the Pool of Industry.
Just 86 years after Thomas Edison developed his first practical light bulb, man-made dramatic lighting such as this is nightly delighting and amazing visitors to the World's Fair. Many brand-new GE light sources are in use at the Fair, and Kathy has found endless lighting spectacles to delight the after-dark fairgoer.
When you visit the Fair this year remember that the transformation which occurs when the lights begin to blink on in the evening gives it an exciting new personality. Seeing the Fair after dark is a "must" for those who would appreciate it fully.

Body is Found in White River
BEDFORD, Ind. UPI—Marlin Peyton, 52, rural Mitchell, missing for about a month, was found dead Saturday in a car submerged in the White River.
Police said they believed Peyton drowned after accidentally driving into the river while attempting to turn his car around on a narrow road overlooking a steep bank of the river.
Peyton was reported missing late last month from his summer cabin along the river.
A fisherman found the car and the body Saturday morning.

Couple Celebrates 70th Anniversary
KENDALLVILLE, Ind. UPI—Mr. and Mrs. William H. Bornemann celebrated their 70th wedding anniversary last week. He is 95, she is 87.
The couple moved to the Lutheran Home in Kendallville two years ago. Before that, they lived in Bremen where Bornemann worked as a shoemaker.
An official of the Lutheran Home described Mrs. Bornemann as "spry and alert," while her husband, although alert, is suffering from severe deafness.
The couple had no special celebration last week, but their two daughters and son visited them.
Their son, Gerhard, operates a plastic business in Bremen.

McCormick Named Committeeman
WASHINGTON UPI—Robert L. McCormick, a writer and onetime assistant to the late President Herbert Hoover, has been named associate research director of the Republican National Committee, it was announced today.
McCormick, whose appointment was announced by GOP National Chairman Ray C. Bliss, served as Hoover's assistant on the first Hoover Commission on governmental reorganization.
Named to the GOP National Committee's research staff was George Norris Jr., an attorney and scientist who served as counsel for the Joint Congressional Atomic Energy Committee from 1953 to 1957.

High And Low
NEW YORK UPI—The highest temperature in the nation Sunday, excluding Alaska and Hawaii, was 107 at Presidio, Tex., the U.S. Weather Bureau reported. The low this morning was 33 at Butte, Mont.

NEW MIRACLE RIV-SYN
The tread compound of tomorrow gives you added mileage today!

WIND, RAINPROOF HI-WAY FLARE KIT
77c REG. 98c
Be prepared and safe for road repairs. 1-hr. wick-type flare. 100 ft. visibility. Can be used again.

1.85 Riverside heavy duty oil
1 qt. PACK
Exceeds car maker's MS Sequence Tests. Meets API service ratings MS, DG, DM, SAE 20-20W, 30, 40.

Budget priced car air conditioner
\$199
A Riverside standard cools fast, dehumidifies, has exclusive comfort control, and gives long, reliable service.
